## 1 Short title

This subordinate local law may be cited as *Subordinate Local Law No. 3 (Community and Environment Management) 2014*.

## 2 Purpose and how it is to be achieved

- (1) The purpose of this subordinate local law is to supplement *Local Law No. 3 (Community and Environment Management) 2010*, which provides for protecting the environment and public health, safety and amenity within the local government's area.
- (2) The purpose is to be achieved by providing for—
  - (a) declaration of local pests; and
  - (b) prohibition of lighting or maintaining certain fires; and
  - (c) declaration of fire hazards; and
  - (d) declaration of community safety hazards; and
  - (e) prescribed requirements for owners of land containing community safety hazards; and
  - (f) declaration of noise standards.

### 3 Authorising local law

The making of the provisions in this subordinate local law is authorised by *Local Law No. 3 (Community and Environment Management) 2010* (the **authorising local law**).

## 4 Definitions

Particular words used in this subordinate local law have the same meaning as provided for in the authorising local law.

## Part 2 Declared local pests

## 5 Declaration of local pests—Authorising local law, s 6(1)

For section 6(1) of the authorising local law, the animal or plant prescribed in column 2 of schedule 1 is a declared pest in the corresponding part of the local government's area mentioned in column 1 of schedule 1.

## 6 Persons exempted from introducing etc a declared local pest—Authorising local law, s 12(2)

For section 12(2) of the authorising local law, a person mentioned in column 1 of schedule 2 is exempt from section 12(1) of the authorising local law in relation to introducing, propagating, breeding or providing harbour to a declared local pest mentioned in the corresponding part of column 2 of schedule 2.

## Part 3 Overgrown and unsightly allotments

*This part in the authorising local law does not contain any matters to be provided for by subordinate local law.*

## Part 4 Fires and fire hazards

### 7 Prohibition on lighting or maintaining fires—Authorising local law, s 15(2)

- (1) This section applies to the following fires<sup>1</sup>—
  - (a) a fire in which neither the height, width nor length of the material to be consumed exceeds 2 metres;
  - (b) a fire lit for the purpose of burning the carcass of a beast;
  - (c) a fire lit at a sawmill for the purpose of burning sawdust or other residue resulting from the operation of a sawmill;
  - (d) a fire lit out-doors, if enclosed in a fireplace so constructed as to prevent the escape of fire or any burning material therefrom.
- (2) For section 15(2) of the authorising local law, lighting or maintaining a fire described in column 2 of schedule 3 is declared to be prohibited in the corresponding part of the local government's area mentioned in column 1 of schedule 3.

### 8 Fire hazards—Authorising local law, s 16(3)(b)

For section 16(3)(b) of the authorising local law, the following are declared to be fire hazards—

- live cinders or hot ash that is not enclosed in a fireplace so constructed as to prevent the escape of cinders or ash;
- a substantial accumulation of grass clippings that is liable to spontaneous combustion;
- dry vegetation that could be easily ignited or other flammable materials
- combustible materials, i.e. litter, mirrors, some metals, or what an authorised

<sup>1</sup> Pursuant to a notification by the Fire and Rescue Services Commissioner published in the gazette on 6 August 2004 under section 63 of the *Fire and Rescue Service Act 1990*, the listed fires can generally be lit without a permit issued by a fire warden, provided adequate precautions are taken to prevent the spread of fire and the fire confirms with any local law. Local laws can therefore regulate these types of fire, which is the purpose of this subordinate local law.

person deems as a combustible material.

## Part 5 Community safety hazards

### 9 Community safety hazards—Authorising local law, s 17(c)

For section 17(c) of the authorising local law, the following are declared to be community safety hazards—

- (a) barbed wire fencing and electric fencing on land adjoining a local government controlled area used for recreational purposes;
- (b) barbed wire fencing and electric fencing located on allotments smaller than 1 hectare;
- (c) a tree that—
  - (i) is located on land adjoining a local government controlled area or road; and
  - (ii) in the opinion of an authorised person poses a significant risk of causing injury to a person using the area or road or damage to property located on the area or road;
- (d) discarded or disused machinery or machinery parts, broken down or severely rusted vehicles;
- (e) discarded bottles, containers or packaging;
- (f) refuse or storage of sheet metal roofing, guttering or other scrap metal; and
- (g) objects that are unsecured or inadequately secured and are likely to be carried away in high winds with resulting risk of personal injury or property damage.
- (h) water tanks.
- (i) poorly maintained fencing.

### 10 Prescribed requirements for community safety hazards—Authorising local law, s 20(1)

For section 20(1) of the authorising local law, a responsible person for a community safety hazard listed in column 1 of schedule 4 must meet the requirements prescribed in the corresponding part of column 2 of schedule 4.

## Part 6 Noise standards

### 11 Prescribed noise standards—Authorising local law, s 21(2)

- (1) For section 21(2) of the authorising local law, the noise standard in column 2 of schedule 5 is prescribed for the section of the *Environmental Protection Act 1994*, chapter 8, part 3B, division 3 stated in column 1 of schedule 5.

(2) For section 21(2) of the authorising local law, the noise standard in column 2 of schedule 5 applies in the corresponding part of the local government's area mentioned in column 3 of schedule 5.

## **Part 7**

## **Miscellaneous**

*This part in the authorising local law does not contain any matters to be provided for by subordinate local law.*
